**The following guidelines shall be used in the nomination and selection process:**

1. The athlete must have participated in an FHSAA sanctioned Varsity sport at Oviedo High School in their senior year. Participation is defined as an eligible individual on the team's roster.
2. The athlete must have demonstrated outstanding athletic ability. This may be evidenced through award recognition and statistics.
3. The athlete must have demonstrated leadership both in and out of competition.
4. The athlete must be in good academic standing. The Athletic Director shall verify all GPAs and Class Ranks.
5. The athlete must have demonstrated good citizenship. Extracurricular activities, both on and off campus, will be considered.
6. Nominations for Male & Female Athlete of the Year may only be submitted by the Head Coach and include a letter of recommendation from the Head Coach completing the nomination.

**The nominating and selection process shall be as follows:**

1. The Athletic Director shall begin the nomination process by identifying those athletes that meet the academic requirements. If there are less than three (3) candidates in each category, the Athletic Director may go to the top third of the class. If there are still not enough candidates, the AD may go the top half of the class providing that the candidates selected have a minimum unweighted 2.5 GPA. The Athletic Director shall also indicate any other extracurricular activities of the students.
2. The Athletic Director shall give the names of the candidates to their respective coaches for recommendation and verification of athletic and leadership qualities. The AD may at his/her discretion convene a meeting of the coaches to finalize the list of nominations.
3. The list of nominations shall be given to the Oviedo High School Athletic Booster Club President. The Oviedo High School Athletic Booster Club Executive Board shall review all nominations and select the athletes to receive the awards. To be selected, an athlete must receive a majority of the votes of the eligible committee members. No committee member may vote on a scholarship award for which their child has been nominated. The committee member can, however, vote for any other award. For example, if the member's son was nominated for the male athlete of the year, that member can still vote for the female athlete of the year.
